# Our Plan to Get Australia Back on Track

**A strong economy with low inflation.** We will rein in wasteful spending, support small businesses, halve the petrol tax saving you 25 cents per litre, and reduce taxes.

**Cheaper energy.** We will reserve more gas for Australians as part of a balanced energy mix, including more renewables and zero-emissions nuclear energy.

**Affordable homes.** We will fund the infrastructure required for housing and support first home buyers.

**Safer communities.** We will boost defence and border security, and enhance community safety.

**Quality healthcare.** We will fund more GPs, increase bulk billing and double the number of Medicare subsidised mental health sessions from 10 to 20.
